

November News.

Hi all,

I will start this newsletter by welcoming our new Board Members and saying a very big thank you to our retired President Norm Muir. Norm was truly a supportive and professional President and a pleasure to work with and thank you Norm for the support you have shown me in my early stages.

To Livia Janovics and Brad Campbell that have also stepped down thank you also for your support and hard work during your tenures.

Welcome to Richard Wallace, David Wells and Ron Gale and I look forward to working with all of you.

Your new Board of Directors is –

Trevor Oldfield -	President
James Brown -	Treasurer
Stephen Rochester -	Director
Peter Kindleysides -	Director
Ron Gale -	Director
David Wells -	Director
Richard Wallace -	Director

From the Directors the Board will elect a Vice President.

Moving on to other news I am very proud to say that last Friday we delivered the food that you have all donated for the drought relief to the Muswellbrook Lions Club, it was well received and will be used to make up hampers for those farmers who need a hand in the Hunter Valley area.

We also raised just over \$9600 in the Buy a Bale campaign, which means enough to load a full semi-trailer with hay, fill it with fuel and get it to farms in need in the Hunter. A great effort buy you all with a special mention to the Baulkham Hill Brumbies Junior Rugby League who raised and donated \$3000 to help us. When the truck is on its way I will provide you with more details.

A new menu has commenced in Maze Bistro and there are some great new items to try and some new Members specials including a Sunday Roast special for only \$ 18 and a pasta night including garlic bread, pasta and a gelato on Wednesday nights for only \$ 15 and other great nightly specials. Please have a look at the specials posters around the Club and try out some on the great new menu items.

There has been a bit of talk about the greens renovations and what may be happening in this area. Well as you can see one green is already under way and should be back in action around December 15th. Straight after this the other two will come out of play with the aim to have them both back to championship standard by mid-February. I am assured By David Phelps (our Head Greenkeeper) that this is the plan and weather permitting will not be a problem.

One more bit of housekeeping news before I go. I have extended the date on which your members bonus points will expire until NOVEMBER 30TH. If you are a platinum member your points do not expire but for the rest of you this should give you a bite more time to have a few drinks, buy a meal or two or even let us pay a bill for you!

That's it for now.

I hope to see you all in your Club soon

Peter Swaby
